

# Spelling Menu

**Directions:** Each week you will choose three techniques from the menu below to help you study your weekly vocabulary words.

|        |   |  |  |
|--------|---|--|--|
| Row #1 | Create a crossword puzzle using all of the spelling words. Use the definitions as clues. Wait at least 15 minutes, then go back and solve it.     | Write the spelling words in ABC order. Then write each word five times. Use a different colored pencil for each word.          | Write each of the spelling words using the waterfall technique below.<br>t<br>to<br>tou<br>toug<br>tough   |
| Row #2 | Write a paragraph using each of the spelling words. Be sure you're using the word based on the dictionary meaning and the correct part of speech. | Write a synonym and antonym for each of your spelling words. Then next to each word, sketch a symbol or drawing for each word. | Make a word search with the spelling words on graph paper. Fill in the boxes around the words with other letters. Wait at least 15 minutes, then go back and solve it. |
| Row #3 | Write each word in the shape of a pyramid adding one letter to each line.<br><br>w<br>wo<br>wor<br>word   | Use the spelling words and definitions to create flash cards.  | Write each of the spelling words. Then next to each, write two words that can be made from each word.<br><br>Example: pasta<br>-past, sat                              |
